Its mystique is far more redolent of Norse mythology than any kind of explicit Christian dogma. This is one of the most difficult problems a philosopher will face, Lady Philosophy admits. We cannot always understand what God intends but his intentions are always good for the correction of evil and the reward of good.

### **Christian Platonism in Boethius' of ~ The Imaginative Conservative**

Did ever a clear confession of any action so find the judges agreed on severity that some were not moderated either by the human nature of error itself or by the uncertain condition of fortune for all mortals? If they exist are they bodily or not, and, if they are not, are they separated from sensible things or do they exist in them?
