## Data & Statistics on Hemophilia

Non-resident aliens are not subject to state or city taxation as they do not reside in the United States. Based on a recent study that used data collected on patients receiving care in federally funded hemophilia treatment centers during the period 2012-2018, as many as 33,000 males in the United States are living with the disorder. The 2019 female-to-male earnings ratio was 0.

## U.S. and World Maps and Puzzles

USMCA is mutually beneficial for North American workers, farmers, ranchers, and businesses. The sapwood is also normally lighter and that is an advantage when producing mechanical pulp as less bleaching of wood pulp is needed.

## United States Economy: Population, GDP, Unemployment, Inflation, Spending

From Maps that Teach, a student will learn about the continents and where they are in relation to each other; the countries of the world, their capitals and major cultural landmarks, physical features; what is far and what is near. By using the full range of maps in Maps that Teach—countries, capitals, monuments, mountain ranges, rivers - students will gain a permanent mental map of the US and of the world. Canada and the United States each have very unique systems of taxation.
