### Murky waters

Our strong foundation of current and future cash-generating asset base, combined with an experienced team, gives Metalla a path to become one of the leading gold and silver royalty companies for the next commodities cycle. Still, some research in the area could produce worthwhile material. Many companies in an effort to cut costs have outsourced some of their non-core functions to various online internet firms hence creating lots of jobs across the globe.

### Infographic: The Future of Gold Exploration is Under Cover

Johannesburg, South Africa If you use some reasonable assumptions with regard to ore grade, then it does appear that Muruntau belongs in the top 10 list. Information contained on any website or document referred to or hyperlinked in this press release shall not be deemed to be a part of this press release.

### First Energy Metals to Acquire Shaw Gold Property in Timmins Area Ontario, Canada

Always do additional research and consult a professional before purchasing a security.

### Boom, Bust, Repeat: Junior Gold Miners

Far and away, the greatest discoveries and most profitable mines continue to operate in the Canadian Shield... We are referring to, specifically, the Abitibi Greenstone Belt, which stretches from Ontario to Quebec.

### Dredge No 4

Features original work of local and regional artists in a variety of medium including soapstone, gypsum and James Bay river-rock sculptures by Cree carver, John Ivan Etherington Moose River.

## **Betty White Goes Wild!**

Hemlo: A Modern-Day Monster Undiscovered until 1981, Hemlo is far younger than its neighboring gold camps, Timmins, Kirkland Lake or Red Lake.
