## rainbow

Although it had learned to jump and balance gracefully, nobody wanted a head without a body. If you are at the same elevation as your horizon, the Sun's must be below  $42^{\circ}$  to create a rainbow that can be seen from your perspective. A magic sword freed them and killed Siggeir and his sons.

## Under the Rainbow

Because of this, water droplets that are more than  $42^{\circ}$  away from the antisolar point, as seen from your perspective, will not reflect any sunlight back at you. It is believed that at the end of the world the dragon will be freed and, in his long repressed fury, will devour one third of all men and animals before the hero Keresaspa destroys him. The father believed this wicked beast and gave his permission.
