**Mad Hatter's Holiday (Sergeant Cribb Series #4) by Peter Lovesey**

Cribb and Thackeray start digging into the background of the victim, who was an occasional servant. Lovesey has captured the societal restrictions as well as the richness and formality of the language of the time.

It is not the best Cribb story I have read but it is certainly not the worst and while I will always begrudge a late introduction for Cribb and Thackeray they are at least used effectively once they do appear. What I enjoyed about this book was that I really couldn't tell where the story was going. All Brighton is horrified by the gruesome crime.

Krokotiilialtaasta löytyvä käsi sekoittaa yllättäen leppoisan rantaelämän, ja herra Moscrop huomaa olevansa tärkeä todistaja. Moscrop inserts himself into their lives, first as a hero, saving the toddler, later as a confidant to the wife, who thinks her husband may be trying to poison her. But it is a well written mystery for all that.
