## Sample Programs

If, for instance, you require hard hats to be worn in a specific area, then you and other management wear a hard hat in that area. NOTE: Additional information on recordkeeping can be found on the Internet at: During the year, regularly review these records to see where your injuries and illnesses are occurring. Training is one of the most important elements of any Injury and Illness Prevention Program.

## Landscape and Horticultural Services

Corrective action should be identified in terms of not only how it will prevent a recurrence of the accident or near miss, but also how it will improve the overall operation. For your convenience Section 3203 General Industry and Section 1509 Construction are reproduced here.

## Landscape and Horticultural Services

The review should assist in prioritizing actions and verify completion of previous corrective actions. The person or persons with the authority and responsibility for your safety and health program must be identified and given management's full support.

## Landscape and Horticultural Services

Most workplaces come under Title 8, California Code of Regulations, General Industry Safety Orders. The reader is cautioned to refer directly to for detailed and exact information, specifications, and exceptions. The records are to be maintained for at least one year.
