### Linguistic aspects of the Canti

The discipline of linguistics focuses on theories of language structure, variation and use, the description and documentation of contemporary languages, and the implications of theories of language for an understanding of the mind and brain, human culture, social behavior, and language learning and teaching. As a poet he wrote verses both in Albanian and Greek language and he has also composed the first Albanian sonnet in 1777.

### Corsican language

Perfect and progressive aspect can be combined with either present or past tense. Le Rimembranze and L'appressamento della morte also belong to this early period of the art of Leopardi. It is estimated that there are about 100,000 Italo-Albanians 400,000 if including those outside of Italy ; they constitute one of the oldest and largest.

## **Canti**

The ephemeral happiness is embodied in Nerina a character perhaps based on the same inspiration as Silvia, Teresa Fattorini.
