### NAUTICAL INSTITUTE COMMAND

This means it will be valid for nine months instead of the normal three. The seminars were based around the theme of navigation accidents and their causes, looking in some detail at how the industry can best cope with the changes expected over the next 15 years.

### Technical library

Peter enjoyed a first career in the British Royal Navy, that included over 20 years at sea and 5 years in command of submarines.

### Membership

With the assurance of The Nautical Institute behind it, we have the right positions to suit your aspirations, placed by companies that are committed to supporting a professional workforce and developing your career.

### Future

She greatly supports NI initiatives, having been a member since 2014, Cyprus branch committee member from 2015 and its Hon. John joined The Nautical Institute from the Australian Maritime College AMC in Tasmania where he was a Professor in the National Centre for Ports and Shipping. The promising technology has also drawn interest from large ship operators including MSC.

### Membership

IMCS automotive specialist since 2014. Contributors from around the world have distilled their knowledge and experience into short essays as if they were having a quick conversion with a new Master before taking up their first command. In 2016 Jillian left AMSA to set up her own consultancy, focusing on maritime technical advice and education.
