Theology and Religion

Our academic year is made up of three eight-week terms, so you would not usually need to be in Oxford for much more than six months of the year but may wish to budget over a nine-month period to ensure you also have sufficient funds during the holidays to meet essential costs.

Religion in Public

Some course options in the second and third year are also taught in small classes instead of, or in addition to, tutorials. Thus, when the naturalistic thinker looks at the evidence, he interprets everything accordingly.

Sunday Lecture Society

Their courses are delivered in accordance with the most-up-to-date educational approaches which, besides classroom-based lectures put a great emphasis on real-life experience to encourage you to apply your knowledge in practice.

Has Science Disproved Religion?

Over than 500 students go abroad to attend an academic year, making their studying experience more unique. All science is based upon a faith of some kind. You will have thought about what a religion is and how to approach learning about it.

Sunday Lecture Society

Though these things are understood by philosophers of science, the general public is often unaware of the nature of the scientific enterprise.
