## Chinese economic reform

In an effort to ensure his policies would continue long after his resignation, Den Xiaoping nominated Hu Jintao to succeed Jiang.

## The Gradual Revolution: China's Economic Reform Movement

Other leaders who favored Deng's reforms include the father of, , and others. Another argument is that, in the Eastern European economies, political change is sometimes seen to have made gradualist reforms impossible, so the shocks and inflation were unavoidable.

## The historical roots of China's industrial revolution

The Bolshevik regime extended state ownership and control along lines initiated by the Tsarist administration.

## The Significance of the October Revolution of 1917

As a doctrine, reformism is distinguished from or pragmatic reform which instead aims to safeguard and permeate the by preventing fundamental structural changes to it whereas leftist reformism posits that an accumulation of reforms can eventually lead to the emergence of entirely different economic and political systems than those of present-day and. By the 1990s, large-scale privatizations reduced the market share of both the Township and Village Enterprises and state-owned enterprises and increased the private sector's market share. The Anglo-French forces occupied such major cities as Canton, Tientsin and Peking, plundered and burned down the Yuan Ming Yuan Palace in Peking and forced the Ching government to conclude the Treaties of Tientsin and Peking.

## The Revolution in China's Countryside

In the urban sector, factory managers were granted the flexibility to negotiate with both domestic and foreign counterparts over matters that previously had been handled by central planners in Beijing.
