It should be difficult to climb and difficult to damage.

Truth, Communication, and Democracy.

The correspondence theory is the account of truth most in keeping with common sense see Hannan, 2016, p. As a moral norm, intellectual honesty is simultaneously a value. Other chapters offer maps of yet other theoretical frontiers, including political advertising agendas and their impact on behavior, the framing of various agendas in the mass media and the differential impact of print and TV, the theoretical role of individual differences in the agenda-setting influence of the news media on the public agenda, methodological advances for determining cause and effect roles in agenda-setting, and the application of agenda-setting theory to historical analysis.

Truth, Communication, and Democracy.

It is not, at least from our perspective, that whatever is said from the periphery necessarily trumps whatever is said from the center but that voices from the periphery will often raise pertinent considerations that otherwise go unacknowledged.
