## **Financial Instruments and Markets. A Casebook**

From the macroeconomic viewpoint, interesting trends are the influence of the dollar on other nations, consolidation in financial markets, and the resurgence of Asian markets.

## **Case Studies on Financial Markets**

In Switzerland, it was only recently that the country's Federal Tax Administration had determined the tax treatment of cat bonds. With this unique casebook, you'll have the opportunity to gain the analytical, institutional, and functional knowledge you need to use these instruments to solve new problems.

Good binding with NO apparent loose or torn pages. Professor Chacko's research has focused on three areas: 1 transaction costs and liquidity risk in capital markets, particularly in the fixed income markets; 2 portfolio construction by institutions and individuals; and 3 the analysis and application of derivative securities.

## **Financial Instruments and Markets: A Casebook [Book]**

Dust cover may be missing. As a researcher, Professor Chacko has published numerous articles in both academic and practitioner-oriented journals.

**Case Studies on Financial Markets**

About the Authors George C. Professor Chacko's experiences prior to HBS have included work at a major financial services firm, and a large consulting firm.

## **9: Bank Leu's Prima Cat Bond Fund**

And gone with them is the age of savings by individual investors, secured and guaranteed by their respective governments. It was traditionally large insurance and reinsurance companies that offered cat bonds, looking to transfer risk to the capital markets.
