History of Italy

A Tale of Two Cities in Campania Finding spots to visit and explore in Italy is not that difficult. This discovery has important implications, including 1 the record of undisputed mining activity in the continent is extended by several millennia, showing the first insights into Early Archaic mining techniques and technologies; 2 the earliest inhabitants of the Pacific Coast of South America had a well-developed mining knowledge, that is, they were hunter-gatherer-fisher-miner communities; and 3 mobility patterns of early nomadic maritime adaptations in northern Chile were influenced by repeated access to iron oxide pigments used mainly for symbolic purposes. I'm aware through The Bible that The Sea People was 3 different Nations altogether.
