## GREENIE WATCH ARCHIVE

The hub held two open days where the community could look at designs for a new shopping centre and a selection of public realm examples from across the UK and beyond. Je suis horrifié par l'attaque qui a enlevé la vie à quatre membres d'une famille et blessé gravement un petit garçon de 9 ans dimanche soir à London, en Ontario. But an appellate court recently held that the EPA can wreak its havoc on our economy while the litigation is ongoing.

### Official Report

This is not just about Government action and it is not something that only affects Scotland.

### Official Report

All of those things provide us with a more holistic view of how our communities see their future and how they want their towns and villages to

develop. If we want a world in which mental health problems can be effectively treated and prevented we will need highly collaborative research teams bringing together expertise from many disciplines, including expertise that comes from lived experience. This is little more than an early Christmas present to the far left extremists who oppose the multiple use of our nation's public lands.
