## County Wicklow, Ireland

The trail descends to the floor of the valley via Curtlestown Wood where it then enters Lackan Wood and crosses the shoulder of Knockree Hill. The Blackstairs Mountains, whose main peak, , is distinguished by the television mast on its summit, begin to dominate the horizon. Another Adirondack shelter, again constructed by Mountain Meitheal volunteers with assistance from the Glenwalk Hillwalking Club, can be found at Mucklagh, on the slopes of Carrickashane Mountain.

## The Complete Wicklow Way: A Step

Malone, carved by sculptor Billy Gannon and erected in 1990, may be found overlooking.

## Wicklow Way

Circling Cronlea Hill, which is topped with a , and passing near the village of Kilquiggen, the Way crosses the near.

## Wicklow Way

Some places on or near the route are also served by bus.

## Complete Wicklow Way by J.B. Malone

The trail crosses the , near , and then a wooden footbridge across the. The Pilgrim Path starts at either or , County Wicklow and ends at Glendalough where it connects with the Wicklow Way. The Wicklow Way ends in the village green of Clonegal where a stone bench and a map board, displaying the entire route from Marlay Park, may be found.

## 9780862781583: The Complete Wicklow Way: A Step

Crossing the Glendasan River, it passes the remains of the , founded in the 6th century by. Similarly, the Way was also diverted away from the summit of , which at 657 metres 2,156 feet was the highest point on the Way before the trail was rerouted. The principal of the upland sections is a

mixture of and , and while in the lowland sections the marking the boundaries between fields support a variety of wildlife.

### **The Complete Wicklow Way: A Step**

Much of the route follows the contact point between the of the western side of Wicklow and the and of the eastern side. The Way then begins a long descent into Glenmalure, the longest in Ireland and.
