In practice, therefore, the article is just another version of the already existing article on Dalits. Ambedkar still does not figure in Indian Anthropology. The other classes being subject to the law of social division of labour underwent differentiation, some into large, others into very minute, groups ... The question we have to answer in this connection is: Why did these sub-divisions or classes, if you please, industrial, religious or otherwise, become self-enclosed or endogamous? And why does their struggle really matter? Discrimination can exist both between, as well as within, religious communities, and is particularly prevalent in formal environments.

Dalit Studies

I'm going to make some changes adding proper references over the coming few days.

Archaeology of Untouchability

However, contemporary Hindu Brahmins including Hindu Communists! The statistics may be valid but the explanations are pretty dodgy because the writer appears to have misunderstood the basic concepts.

Untouchability

The dominant caste in Rampura. India also has a complicated class system and entrenched gender structures. The performer uses different mukhappala masks indicating the character and their lower caste identity.

Caste and Untouchability Research Papers

There is a substantial corpus of research that documents economic and occupational strategies that mitigate some caste rigidities and allow for more contestations of power and mobility than conventional varna-jati perspectives would appear to allow. Scheduled caste panchayat pradhans in India.
