### Quick Overview: Political System in Germany \* The German Government

On 22 November 2005, Angela Merkel was sworn in by president for the office of Bundeskanzlerin. The Bundesrat is the upper house of parliament and consists of representatives of the German states.

#### German politics

Instead, they are recommended by provincial governments, and tend to reflect the national vote tallies of the major parties. Germany is a republic. The full name of the country in German is Die Bundesrepublik Deutschland, or Federal Republic of Germany. Except in the periods 1969—1972 and 1976—1982, when the Social Democratic party of Chancellor Brandt and Schmidt came in second in the elections, the chancellor has always been the candidate of the largest party, usually supported by a coalition of two parties with a majority in the parliament.

#### German conservatives extend lead over Greens

A representing President If you have your origin in the United States or France, you would think that the president is the most powerful person in the state — but not in Germany.

#### German politics

The chancellor appoints one of the federal ministers as their deputy, who has the unofficial title : Vizekanzler.
