### Eglise Russe (Baden)

Many famous Russian writers have spent time here as well, often too much in the casino. The gilded Royal Door with representations of the Annunciation and the four Evangelists are of a great artistic value. The dome was provisionally covered with sheet iron, which remained there until 1988.

### Russian Orthodox Cathedral, Nice

Inside one can see that there are no seats in the middle and just some semidetached benches on the side walls are used for getting some rest during or after the religious services. After 1917, Communist persecution of religion in Russia led some Russian Orthodox dioceses abroad to form jurisdictions not affiliated with Moscow. When we visited, the church was shrouded in scaffolding - The interior was so dark and beautifully lit.

### Eglise Russe, Geneva

You may not take photos and it is rather to pray than to enter to take photos and be a tourist. It's what we all think a Russian church should look like. Looking at the postcards for sale it is amazing with the lights on but I guess you have to attend a service to see it at its best.

### Russian Orthodox Cathedral, Nice

Your eyes follow the architecture skywards as you try to capture every detail as pictures aren't really permitted. The dispute partly stemmed from a conflict between old Russian nobility who had long since settled in Nice and newly arrived post-Soviet Russians.
