**Biographical Directory of the U.S. Congress**

What remains is over 30 years of Supreme Court cases, none of them as interesting or as monumental as Marbury, all of which are wrapped up in the arcane politics of the era.

The result is a biography that is swift, but doesn't really bring the man to life. On January 3rd, 1783, John Marshall married Mary Ambler.

### John Marshall: Defender of the Constitution by Francis N. Stites

In the 1823 case of, the Marshall Court had established the supremacy of the federal government in dealing with tribes. The key case here is *Prigg v.*

**0673393534**

In , the only constitutional case in which Marshall wrote a dissenting opinion, the Court upheld a state law that allowed individuals to file.

### Failed Attempt to Cut Marshall and Story Down to Size

The second half moves into his court decisions.

### Stites, John Marshall: Defender of the Constitution

They learn through trial and error how to build a workable airplane, they show off their creation to skeptical groups in Ohio and adoring crowds in Paris, and then the story kind of sputters out, with Wilbur suffering Earlier this year, I read an engrossing biography of the Wright Brothers by the estimable David McCullough --- engrossing, that is, until about three-quarters through the book, when the Wrights are chiefly trying to build their business and deal with a morass of patent litigation. Marshall died in 1835, and Jackson appointed as his successor. During the later stages of the war, he was admitted to the state bar and won election to the.
