Durham Housing Market Outlook (2021)

NOTE: Starting in 2021, the analysis of all rental markets will be included in one report.

2021 Housing Market Predictions and Forecast

The housing market in 2021 will be much more hospitable for buyers as an increased number of existing sellers and ramp up in new construction restore some bargaining power for buyers, especially in the second half of the year.

Rental Market Report

All of these schools have had an increased demand in enrollment and have had to build more dormitories on their campuses to house students. Older millennials will be trade-up buyers with many having owned their first homes long enough to see substantial equity gains, while the larger, younger segment of the generation age into key years for first-time homebuying.

Affordable Housing Strategy

Any businessperson who wants to stay in business must treat their customers fairly and with a high degree of service. Between October and December of this year.,

Durham Housing Market Outlook (2021)

Parking and pets and pools seem to be the biggest issues but there may also be rules about holiday decorations, gardening, decks, facility usage; bicycle and baby carriage storage, rental restrictions - some communities do not allow any rentals. More promising still is the real estate growth in Sudbury.
