

# British politics in the collectivist age.

Random House - Post

- From 1945 to the mid 1970's was the golden era of British politics.
- WWII coalition government became an informal agreement on many issues.
- Beveridge Report of 1942 formed core of "Collectivist Consensus." The report identified "five giant evils" in society that only a welfare state could address: squalor, ignorance, want, idleness, and disease. Highly popular with the public, the report formed the basis for many post-war reforms, including the creation of the NHS.

Description: -

- British politics in the collectivist age.
- British politics in the collectivist age.

## Collectivism vs. Thatcherism vs. The Third Way in an All

Now, however, the concept of human brotherhood began to be assailed by people who were not yet in positions of command, but merely hoped to be so before long.

### Collectivistic Culture

But he saw no evidence at all that social benefits resulted of necessity from its pursuit, and much which persuaded him that without the barriers erected by the law its undirected energies might disrupt society.

### British politics in the collectivist age : Beer, Samuel H. (Samuel Hutchison), 1911

Third, in many studies the age gap between the children is confounded with the age of one of the siblings, thus we know little about the effects of this variable on the quality and types of sibling interaction. Liberalism puts no obstacles in the way of a man eager to adjust his personal conduct and his private affairs according to the mode in which he individually or his church or denomination interprets the teachings of the Gospels.

### Politics UK

In earlier ages, class distinctions had been not only inevitable but desirable. He put his trust, therefore, not in the rule of some 'invisible hand' blending the interests of the individual and society in a mystic reconciliation, but in the secular authority of the state which, abandoning the superstitions of laissez-faire, should intervene to guide the activities of individuals towards the desirable goods of communal welfare.
