Pendragon Press Book: Handel's Trumpeter

An urban dining destination where local, fresh, and simple are the mantra. The editorial intention has been to reconstruct the life and times of the writer by analyzing the dramatis personae and the pattern of relationships revealed by the text, which is here punctuated by a series of explanatory links. From 30 May 1728 to 23 September 1729-the exact period of the diary-he was a prisoner for debt in the Marshalsea, that curious institution which gave the pensioned and relatively privileged inmates of the Master's Side a certain freedom to come and go-and to entertain the friends who were drawn here by sociability, compassion or the desire to test its louche reputation.
