Problem and Prospect of Rural Development in Nigeria

Filesize: 20.44 MB

We found that farming was more profitable in developed communities than in the less developed communities.

Rural Infrastructure and Sustainable Development in Nigeria

Effective extension and rural advisory services are needed to improve farming skills and techniques.

RURAL INFRASTRUCTURE STRATEGY FOR POVERTY REDUCTION IN NIGERIA, YOBE IFADCBARDP EXPERIENCE

The overall goal of NALDA was to encourage farmers to plant above what they can consume, so that the surpluses can be sold at the local markets or exported to other countries for foreign exchange earnings.

Infrastructure and Poverty Reduction: Implications for Urban Development in Nigeria

Notwithstanding the plethora of policies, agriculture continues to suffer from inertia associated with these policies and programme reformation that pervade Nigeria. Developing countries, however, face enormous challenges in their ability to utilize these resources for their growth and development agenda. We operate from Cape Town, Dakar, Abuja, Johannesburg, Nairobi and Washington DC.

IMPACT OF INFORMATION COMMUNICATION TECHNOLOGY ON THE DEVELOPMENT OF RURAL AREA IN NIGERIA

These were done to ensure reliability of the data collected as the participants were worthy of in-depth information.
