An analysis of national collaboration with Spanish researchers abroad in the health sciences

Oxford University Press, New York, New York, USA. Using extensive research carried out by an interdisciplinary group of international and local scholars, the survey also covers Ethiopia, Kenya, Uganda and Zambia. Only such critical discussion can assure us of the justifiability of the true beliefs we do have and can help us avoid falsity or the partiality of belief or opinion framed in the context of just one point of view.

1. Science and social work

As we ascend to higher levels of abstraction, general framework assumptions constitute the object of study.
