Cutting-edge conducted by , a nongovernmental organization NGO , provides important new data in this regard.

## Counseling for Peace in the Midst of War: Counselors from Northern Uganda Share Their Views

It considered the risks and costs of diversified and alternative livelihoods, as well as the benefits. In mid-2008 workers from Save the Children and Tufts University in Ethiopia came together to try to better understand and address the longstanding problem of acute malnutrition in pastoralist children. It also includes many ways to handle conflicts with others and have more satisfying relationships.

## Publications Archive

The book also looks at the role of critical reflection and reflective supervision in developing resilience. Many areas of East Africa are responding to growing demands for livestock products, from both within the region and internationally.
