Colonial Paint Colors for Historic Homes

Using locally available materials, America's colonists built what they could and tried to meet the challenges posed by the climate and landscape of the new country. Set against plain brick walls, these fanlights served as the centerpiece of a building. Colonial Revival spin-offs include the cutout shutter craze of the 1920s and beyond, as well as combination shutters that incorporate both louvers and panels into the design.

Colonial Paint Colors for Historic Homes

Few original Spanish homes from the colonial era remain, but wonderful examples have been preserved or restored in , site of the first permanent European settlement in America. Popular motifs were flames, urns, fruit, and, in the Federal period, eagles.

Colonial American House Styles Guide From 1600 to 1800

Guide to Colonial American House Styles From 1600 to 1800.

American colonial architecture

Defining Features The typical facade of New England Colonial homes is symmetrical with a centrally located door and two windows on each side, called a five-bay facade, as bay refers to window and door openings. That should help make your decision easier. Centuries later, builders borrowed ideas from early American architecture to create and Neocolonial styles.

New England Colonial Architecture and Interior Design Style

Simple elegance, perfect proportion, classical detail. In fact, they are often called Post-Medieval English.

New England Colonial Architecture and Interior Design Style

The one-over-one floor plan consisted of one room on the first story and one room on the second story of the home. The architectural style of is identified as French colonial, while the Spanish colonial style evokes Renaissance and styles of and Mexico; in the United States it is found in Florida, Louisiana, New Mexico, Texas, Arizona, and California.

American colonial architecture

What Makes Up a Colonial Style House? Many of the majestic Southern plantation mansions with their elegant columns reflect this style as well. Saltbox style homes and Cape Cod style homes were some of the simplest of homes constructed in the New England colonies.

The History of Federal Style Houses

Pine-wood floors were covered with hand-woven rag rugs and later with Oriental rugs. The early French Colonial house type of the Mississippi River Valley region was the poteaux-en-terre, constructed of heavy upright cedar logs set vertically into the ground. Dutch Colonial became a popular revival style, and 20th-century homes often feature the characteristic rounded roof.
