An introduction to the study of literature : Hudson, William Henry, 1862

The institution of literary studies was not aware of the environmental crisis. If he would play the country gentleman and attend to the farm - but that he knows nothing about, and won't give his mind to consider, - or if he would take up with some literary study, or learn to draw or to play - as he is so fond of music, I often try to persuade him to learn the piano, but he is far too idle for such an undertaking: he has no more idea of exerting himself to overcome obstacles than he has of restraining his natural appetites; and these two things are the ruin of him. The formerly disconnected scholars joined forces with younger scholars and graduate students to become a strong interest group with aspirations to change the profession.
