## Leopard Antiques 17th Century Provincial Silver Apostle Spoon

Several different companies have made sets of these spoons since the beginning of this century including the Franklin Mint in the 1970's. Anciently they were given by sponsors as baptismal gifts to their godchildren, the wealthy giving complete sets, others a smaller number, and a poor person a single spoon.

## Apostle spoons

I am going to take those off and paint directly onto the pot with acrylics. Sold for GBP 1,062 at Christies in 2016 Dutch Apostle Spoon circa probably 1629 Apostle spoons are thought to have originated in late-fifteenth century England but also became popular in the Netherlands, where household goods were frequently embellished with biblical imagery reminding the owner of Christian virtues.

## Leopard Antiques Antique Silver Apostle Spoon Set (4)

Paul usually carries a sword.

## Apostle Spoon Figures

James the Greater, pilgrim's staff. He escaped prison, fled to Amsterdam, and returned in 1685 as Paymaster-General for the ill fated Duke of Monmouth, attempting to replace King Charles II.

**apostle spoons baptism baptismal mechanical spoons silver marks**

The join is flat as opposed to London made V joint spoons , as is usual for provincial spoons, the stem is flat front and back but has rounded edges. The collection is comprised of 13 beautiful sterling silver collector spoons; each approx.

## Leopard Antiques Antique Silver Apostle Spoon Set (4)

Many believe this refers to an incident where John was handed a cup of poisoned wine, which he blessed, and the poison rose out of the cup in the

shape of a serpent.

#### A HENRY VIII PARCEL

The attribution to William Simpson of the maker's mark 'fringed S', which appears on the present spoon, as well as on a great number of other high quality spoons dating from around 1510 to 1545, was made by the renowned spoon expert Timothy Kent F. Spoons with cast apostle finials were probably made as early as the 14th century, although the earliest examples which can be definitely dated are a group of spoons, presumably once part of a set, which are hallmarked for London 1490 The Benson Collection, op.
