**United States, Congress**

The longest of these reports was by Basil Manly, the Commission's Director of Research and Investigation, and was signed by four commissioners.

**Browse subject: Corporations**

Neither the present circumstances nor the reasons for them are alike for all our impoverished millions, and the measures that can help reduce their number must likewise be many and varied. . Government Printing Office, August 12, 1969.

## ECONOMICS QUESTION PAPERS AND MEMO

Between 1965 and 1980, the market value of major in-kind transfers in the form of food. In an economic system geared to mass production, there must be mass consumption if severe economic dislocations are to be avoided.

**Browse subject: Corporations**

Joint Economic Committee: , also by Christopher Frenze and Robert E. The report covered trends in the poverty population between 1959 and 1968, and characteristics of the poverty population in 1968.

## ECONOMICS QUESTION PAPERS AND MEMO

Hoagland projected poverty figures for Fiscal Year rather than calendar year 1980. . .
