### Politics of China

As the detained anti-government figure and secessionist Jimmy Lai appeared before the Court of Final Appeal on Monday for his bail hearing for violating the national security law for Hong Kong, legal experts considered the case as a test of how Hong Kong's legal system interprets bail conditions under the national security law. Wang said the Chinese delegation met the leaders of both the ruling party and the opposition in Nepal and exchanged views on conducting inter-party interactions and mutual learning, advancing practical Belt and Road Initiative BRI cooperation and other issues of mutual concern. Yet how the Biden administration handles the important issue of relations with China will be critical to global political development.

### Chinese Politics News, Latest Chinese Politics News Analysis

One team member believed the China trip will start from Wuhan, where COVID-19 cases were first reported, but may also extend to outside the country.

### Politics

Bilateral and multilateral economic relationships should not be hijacked by unilateral political agendas. Chaos led to martial law, Communist Party purges, and 1.

### China News

It has the second largest economy, is a nuclear power and has a permanent seat on the United Nations. Overall, there is not presently any politically influential constituency within the United States advocating for strengthening U. BEIJING: Some United States politicians are using coronavirus as a weapon to smear China, the Xinhua official news agency said on Sunday Mar 15 , as a war of words escalated between the two countries over China's handling of the epidemic.
