## Taiken

We always find that Adam is a loner, never to have feelings or desires for anyone, except for a brief encounter with the ultra sheik Sage that stayed with him for years, yet it was something that he ran from as well.

### Fingers Crossed Emoji

I didn't like Sage until pretty close to the end so it was hard to get into much of this.

## Crosseyed Heart

This was put to the test when things take a turn for the better in Sage's old life in NYC. I keep my world orderly. I'm very glad to be finished the series, though.

## Company Search Subscription Service

Arrowood and all its small town glory was a place I am so glad I got to visit! In addition, all pages on Bizapedia will be served to you completely ad free and you will be granted access to view every profile in its entirety, even if the company chooses to hide the private information on their profile from the general public.
