It also discussed seeds as being an important part of growing a plant.

[Study Guide: The Giant Carrot](#)

After all the food was made, the family sat down to enjoy their carrot foods.

[THE GIANT CARROT](#)

Where did the seed come from? Students could plant their own carrot seed or any other plant seed and watch the phases it goes through to grow. Illustrations are playful, and kids just may find eating their veggies a bit less remorseful after this book.

Reviewer: A reader The Giant Carrot has a lot going for it. Measure and weigh your carrots and have a special award for the winners. Notice that they want something that is like themselves.

Study Guide: The Giant Carrot

Students could create their own story about growing their own food and how they would take care of it until it was ready to be eaten. Act like you are pouring water over your fist and make the sound effects, shhhhhh! After students have cut out their profiles, tape the profiles to the wall so that their outstretched arms seem to be grasping the shoulders of the cutout in front of them. Act like you are pouring water over your plant and make the sound effects, shhhhhh! Have students fill out a graphic organizer with the four stages of carrot growth.

The paintings are done in creamy, earth-tone oils and augment the story nicely. What type of houses did they have? The watercolor and gouache illustrations are nicely detailed and complement the narrative well. This book could easily be developed into a science lesson as we observed in our Science methods class.
