## How to Choose an International Offshore Financial Centre?

In brief, like onshore jurisdictions, offshore structures and jurisdictions can be abused but that does not justify that they should be discouraged.

## Mauritius as an International Financial Centre

Countries are free to have whatever kind of tax structure they think appropriate to their own economic circumstances including not having any tax at all. Quality of local laws and legal services, iii.

## Onshore vs Offshore company: What Are The Differences?

They allow businesses to reduce costs and increase revenues through centralised group services within a multinational enterprise. What is an offshore company? The ability to relocate taxable income into offshore centres improves the desirability of investing in high-tax locations.

## The Political Risk of Offshore Financial Centres: The Cyprus Bail

The choice today is eventually dictated by subjective considerations, such as proximity, previous experiences, recommendations and common language or ethnic connections. Future success will, therefore, depend on improving skills, infrastructure and institutions.
