## Naturalism in American Literature

Two of the more important literary movements of the late 18th century to the early 19th century are transcendentalism and romanticism. Europe, once united under the Holy Roman Empire, had been for some centuries devolving into a number of kingdoms and principalities held together more by common culture and vernacular language than by faith. Despite sharing some similarities, the Enlightenment and Romantic movements differed sharply in terms of their character and values.

## Naturalism in American Literature

What does this show the reader about Maycomb? Much like a second-century Gnostic believer, Blake inverted nearly every value and reinterpreted every story in the Bible. .
