Debates

They may also lead to the resurgence of not only anti-capitalist ideologies, possibly linked to religious, anarchist or nihilist movements, but also to populism and the revival of Marxism.

Afghanistan and Iraq Compared: quizapp.evertonfc.com

The industry has witnessed continuous modernization and adoption of new technologies.

India and North Korea Compared: quizapp.evertonfc.com

There is a need also to audit unfair contractual practices with a view to ensuring compliance with competition law.

When Empire Hits Home

Together with the consequences of the energy crisis and socio-economic consequences, there exists a great political risk that individual European countries will face gas supply problems. Other renewable energy projects should also definitely have had an equal chance to apply for the extra recovery funds, apart from those relating to wind power.

Roads and resources : appropriate technology in road construction in developing countries : a study prepared for the International Labour Office within the framework of the World Employment Programme

We correctly rectified this in the negotiations and in the triologue of 2 April.
