Taken by the wind : vanishing architecture of the West : Woodall, Ronald, 1935

So here is this smart writer's answer to the question of identity: We come to ourselves through our choice of archetypes; we create our own story. They can be arbitrarily chosen by the artist, and in this case done below and to the horizon.

Rossby waves in ocean circulation

Height reverses of course when you are looking down on the subject like in the pic above.

I always assumed the lower balconies meant something different to those low floor dwellers.

The Iron Skeleton of West Pier, Brighton

Image © Zhi Xia How to reactivate such an old industrial site without rich heritage and distinctive spatial features? Each continent is represented as a young, fertile woman—a queen—surrounded by the riches of her land.

Fault

In a number of documents within this archive, the Lone Woman figures as the Indian Queen, an allegorical representation of America.

The Youth Activity Center, Old Garment Factory Renovation / REDe Architects + Moguang Studio

Some of the noise lifted itself free from the streets. Dobraszczyk also suggests that the scrolling and twining of the more decorative ironwork, like the fanciful pier structures themselves, may be attributed to the proximity of with its oriental design — in which case the Pavilion would have had

far-reaching effects not only on the still surviving at the other end of the promenade, but on sea-fronts all over the country.

Sweetwater, TX history, historic landmarks, attractions, vintage & recent photos, travel, hotels.

Moreover, the fire reservoir outlet at the middle of the lawn was designed into a wedge-shaped optical pavilion, which blends the blue sky into the lawn area. Gary Snyder I wake to sleep, and take my waking slow.
