Women's empowerment and gender equity in agriculture: A different perspective from Southeast Asia

Although the status of women in agriculture has received extensive attention in the literature in recent decades, a research gap persists regarding the state of gender inequity in Southeast Asian agriculture. Previously, Merrigan served as the U.

Women in Papua New Guinea to Play Stronger Role in Agriculture

Additionally, women account for 60 to 80 percent of food production in developing countries. This Key Issues Guide is sponsored by LANSA is an international research partnership.

Women We Love: 25 Influential Women in Food and Agriculture

Results of the latest nationwide nutrition survey show that Pakistan has persistently high rates of undernutrition despite respectable rates of economic growth.

Rural women

You have the permission to use, distribute, and reproduce these in any medium, provided the source and authors are credited. Pandey contends that the property rights of Indian women are not only immune from Constitutional protection but also vastly discriminatory and arbitrary, with women being assigned much lower shares in family property than men. For more information on maternal health, see our entry on.

Achieving Gender Equality in Agriculture

Structural Transformation and the U-Shaped Female Labor Supply.

Rural women

The barriers that constrain women are multifaceted. They found that merely ensuring sufficient space in land certificates to enable listing of both husbands and wives as owners had a huge impact, leading to the inclusion of women in a majority of the land titles in the state. Underpaid and overloaded: Women in low-wage jobs.

Rural women

Many Dalit women now have bank accounts in their names and are unionized to defend their rights.
