Hamilton is also sourcing the necessary equipment so that the business can immediately begin its operations once the land lease has been acquired. Even though we correctly associate the steam engine as powering the Industrial Revolution, for most of the Industrial Revolution the majority of small machines were driven by wind and water power, as well as horse and man-power rather than steam. We are not at liberty to help out the written contract, if there be one, by adding by parol evidence additional facts to help out the writing so as to make out a contract not expressed therein.
