ISSN An ISSN is a standardized international code which allows the identification of a serial publication.

**Korean Peninsula Energy Development Organization [WorldCat Identities]**

ISBN An ISBN is a unique number assigned to an item by its publisher. We dont share your credit card details with third-party sellers, and we dont sell your information to others.

**66338054**

If we can't figure out the structural flaws in the news media that resulted in the failure to provide adequate coverage of the Rwanda cillarté or the more recent crisis in Darfur, surely that difficulty should not prevent us from trying to change the structure one small piece at a time, through the work of individual journalists.

**Mutations de la clarté**

**OCLC Classify**

The classification numbers applied to books and other materials are used to arrange items on shelves and to support browsing, filtering and retrieval of bibliographic information in online systems.
