The psychological effects of viewing death and violence on social media

Melodramas were arguably the most difficult films to make, requiring extraordinary control by the director over the sets, the camera operations and the performances of the actors.

Vince Gilligan's 2013 Column on Hollywood's Depictions of Violence

However, these findings also fail to provide more than weak support for the rational for such efforts.

What is melodrama?

The result is that they will find it easier to bring horror, or at least pain and sorrow, into the lives of other people. Certainly, critics have latched on to the potentially subversive nature of melodrama. Journalists would be well-served to pay attention to the nuances of the arguments — and the

framing of the research questions.
