**DOD looks at funding's effect on personnel, programs**

A reduction in the number of soldiers serving in the U. This puts greater strain on many NFP organisations, particularly those in the welfare area. For example, one NFP reported that staff now need to spend more time completing grant applications to meet the increase in service demand.

**New Army secretary: Budget instability threatens soldier readiness**

Despite the threatening war clouds rapidly

expanding in Asia and Europe, the U. There continues to be pressure on NFP organisations to provide volunteer opportunities for the community, and some are looking at different ways they can take advantage of the increase in available volunteers.

## The Next National Defense Strategy Will Be Shaped by Post

Maintaining balance across the dimensions of readiness requires significant personnel reductions, but politically, these are increasingly difficult to achieve.

## UNRWA warns of increased instability if US cuts funds

The survey results of paid employees in administrative, field and head office areas are varied. Units whose capabilities are not as time sensitive and do not need to be deployed immediately can be kept at lower states of readiness, depending on the time available to bring them up to full readiness before they are needed.

## **Military exchange, MWR operations hit hard by effects of pandemic**

These challenges have sharpened the focus of our planning and budgeting.

### **Impact of the Economic Downturn on Not**

The additional money in the form of more revenue or taxpayer funding is needed, San Nicolas-Perez said, to avoid having to reduce operations, defer the purchase of new equipment, or delay planned facility repairs. The consultants also reviewed relevant research from the Victorian Department of Planning and Community Development, as well as recent reports prepared for VCOSS and a consortium of NFP organisations.
