Of course, the COVID-19 pandemic impacts are likely to delay the achievement to the target even further. This includes, in addition to the direct impacts, the indirect contribution tourism-related investment spending, government collective spending and domestic supply chain purchases of goods and services plus the induced contribution spending of those directly and indirectly employed by the tourism sector. Tourism sector is the cluster of production units in different industries that provide consumption goods and services demanded by visitors.

## International trade in developing economies

Aid is a short term desire while trade is the long term desire.

However, some exceptions may be necessary to allow a longer review of trends. This proposal sought to reaffirm certain crucial rights and responsibilities and to clarify others established under the TRIPS Agreement at the conference in Doha.

### **Trade Policies and Procedures**

The difficulty stems from divergent concepts of property and ownership. LDCs are a small player in world trade with a 0.

### **World Economic Situation And Prospects: September 2020 Briefing, No. 141**

As expected, travel services exports fell the hardest, with drops of 35 per cent in Asia and 17. In 2021, April projections point to 17 per cent to 21 per cent growth in Latin America, and 24 per cent to 31 per cent growth in Asia.
