## The Complete Works of William Shakespeare

As was common in the period, Shakespeare based many of his plays on the work of other playwrights and recycled older stories and historical material. Moving from historical subjects to a more playful side and then, finally, into plays where plots would result in a sense of forgiveness and serenity, Shakespeare's evolution as both a man and a writer is evident.

## Shakespeare bibliography

To end many scenes in his plays he used a rhyming to give a sense of conclusion, or completion. Too often, the result was a loss of pace.

## A Complete List of Shakespeare's Plays

The differences may stem from copying or errors, from notes by actors or audience members, or from Shakespeare's own.

## Shakespeare's Works

The indoor setting, combined with the fashion for lavishly staged , allowed Shakespeare to introduce more elaborate stage devices. Bleste be y  
man y spares thes stones, And cvrst be he y moves my bones. When the delegates return and state that the oracle has exonerated Hermione,  
Leontes remains stubborn and his wife and son die.

## Shakespeare's plays

By the 1980s, Shakespeare studies were open to movements such as , feminism, , and.

## William Shakespeare: 20 Facts, 37 Plays, 375 Poems, 100 Quotes & Bio

In Edwards, Philip; ; Hunter, G.

## A Complete List of Shakespeare's Plays

Unfortunately, a tragic accident leaves Antonio unable to repay his debt to Shylock, and he must be punished as agreed by giving a pound of his flesh to the moneylender. Extant records of Shakespeare's property purchases and investments indicate that his association with the company made him a wealthy man, and in 1597, he bought the second-largest house in Stratford, , and in 1605, invested in a share of the parish in Stratford.
