Bright yellow forsythia is always one of the first shrubs to bloom in spring, and you'll see it everywhere.

The identification of flowering plant families

Hybridizers turned their attention to native ninebark *Physocarpus opulifolius* and produced some great-looking new plants for hedges and mixed-shrub borders, Thomas says. They all have pretty puffs of white flowers in late spring. Aker's favorite flowering shrubs for the Northeast include native plants and hardy, adaptable nonnatives.
