### The vast majority of students with disabilities don't get a college degree

In November, the National Federation of the Blind filed a landmark lawsuit against America Online AOL. Vanderbilt®, Vanderbilt University®, V Oak Leaf Design®, Star V Design® and Anchor Down® are trademarks of The Vanderbilt University. Related: While strides have been made in recent years to welcome and support college students with a wide range of disabilities, continuing to improve in this area will benefit both students and the institutions they attend.

### Students with Disabilities

While Savannah found the support she needed to succeed, her story is not universal. For too many of our youth, it is still an illusory promise that has failed because so, too, did our political imagination. The Open University aims to enable all our students, including those with disabilities or health conditions, to realise their ambitions and fulfil their potential through engaging in higher education.

### The vast majority of students with disabilities don't get a college degree

These are believed to be the first set of specific accessibility guidelines issued for distance education in this country by a state. The student voice echoed by that of family members and tutors found that inclusion within a university setting led the students to see themselves more alike than different to their peers. As the course proceeds, it is helpful to check in with the student periodically.

### Three things to consider about increasing access to higher education (essay)

At , which opened in 2012 as part of CUNY system, 26 percent of degree-seeking students in the fall of 2018 reported a disability with the.

### Students with Disabilities in Higher Education: A Review of the Literature and an Agenda for Future Research

Further, there is a high level of variability across institutions in the ways they meet these needs, as institutions are differently resourced and differentially prioritize accessibility. Eleven percent of all college and university students in the U.
