### The 1960s, The Decade that Shook Britain

Even so in 1939, many children from cities were evacuated to the countryside to be safe from bombing. It was created by Denver-based criminal defense attorney Jeralyn Merritt in 2000.

### The British government and political system

The organisers wanted a non-violent event. It was 1918 before the country achieved a near universal franchise and 1970 before the last extension of the franchise to 18-21 year olds. Voting is not compulsory as it is in Australia.

### Britain in 1950

Men such as the Duke of Wellington did not want rail lines built as they would give the poor the ability to travel and in his mind the chance to cause trouble. Filibuster is a non-partisan organisation we don't take sides.

### CNNPolitics

It is a project of the Center for American Progress CAP , a progressive public policy research and advocacy organization. Link: Foreign Office site Many other UK Government Departments are similar to those in other countries and cover subjects such as education, health, transport, industry, and justice. The number was actually halved to 666 in the reforms of 1999 but, since then, successive Prime Ministers especially David Cameron have been adding new life peers much faster than members are dying.

### The British government and political system

The Tories were mostly associated with the Church of Scotland; the landed gentry and the Church of England.

### A summary of the UK government through time

Many servicemen served abroad, especially in Germany or the Empire.

## **Political Changes**

A held office from 2010 until 2015, the first coalition since 1945. There was also an influx from Italy and Cyprus.

## **Life in Britain in The 1930s**

Holidays with pay were now supported by legislation and about half the population spent a holiday by the sea. By 1935 a man on the 'dole' was about as well off as a skilled worker in 1905, a measure of how much living standards had risen in Britain. Elections and political parties in the United Kingdom are affected by , the which states that , such as first-past-the-post, tend to lead to the development of.
