Even a large number of police were severely dealt with, whenever they had tried to save moneylenders or whenever they attempted to harass peaceful peasants. This meant a steep rise in the burden of taxation on the India peasant. Except for the pathbreaking effort by Kathleen Gough reproduced in the present work nobody to my knowledge has ventured to analyse the struggles of various strata of rural population in a total historical context.

What is important about his article is that Ranga as an active participant of peasant movements during various periods of the Indian national movement upto Independence, provides a very useful account of peasant movements which took place in India since the Revolt of 1857. Raghaviah is, however, silent over the non-revolutionary, class-collaborationist and pro-Hindu role of Ashramas created by Gandhian social workers endeavouring to assimilate the tribals in the Hindu social system.
