## Experts: China Carving Lungs Out of Political Prisoners to Treat Coronavirus

If a person who has reached the age of 14 but not the age of 16 commits intentional homicide, intentionally hurts another person so as to cause serious injury or death of the person, or commits rape, robbery, drug- trafficking, arson, explosion or poisoning, he shall bear criminal responsibility. Up to 120,000 people continued to be arbitrarily detained in political prison camps, where conditions fell far short of international standards. North Korean authorities failed to adequately explain the cause of his poor state of health.

## Experts: China Carving Lungs Out of Political Prisoners to Treat Coronavirus

Little is known, however, about whether or how procedures were modified in black jails, which are not officially part of the judicial system.

## Amnesty International Reports on Freedom of Religion in China

Any employee of a State-owned company, enterprise or institution who engages in malpractices for selfish ends and commits any of the crimes mentioned in the preceding two paragraphs shall be given heavier punishment in accordance with the provisions in the first paragraph. The designation could lead the United States to impose more sanctions on China, and other countries could follow suit.

## Criminal Law of the People's Republic of China

The New York Times analyzes more than four hundred pages of on repression in Xinjiang. A negligent crime committed by two or more persons jointly shall not be punished as a joint crime; however, those who should bear criminal responsibility shall be individually punished according to the crimes they have committed.

## Political imprisonment in the People's Republic of China : an Amnesty International report. (Book, 1978) [quizapp.evertonfc.com]

Article 368 Whoever by violence or threat obstructs a serviceman from performing his duties according to law shall be sentenced to fixed-term imprisonment of not more than three years, criminal detention or public surveillance or be fined. Medicines of inferior quality as mentioned in this

Article refer to medicines that fall under the category of medicines of inferior quality under the Pharmaceutical Administration Law of the People's Republic of China. If the opinion of Amnesty International were to the contrary, they would have published condemnations of such crimes.
