Eliminating Racial Disparities in Maternal and Infant Mortality

Loss of insurance coverage before and after childbirth is another factor that can adversely impact maternal and infant health outcomes. Voice phone: 202 691-5200; Federal Relay Service: 800 877-8339.

Ethnic and Racial Minorities & Socioeconomic Status

Five evils: Multidimensional poverty and race in America.

Voters' Attitudes About Race and Gender Are Even More Divided Than in 2016

Just 5% of Trump supporters say White people have a great deal of unfair advantages, which is virtually unchanged from 2016 4%.

Most Americans support gender equality even if they are not feminists

Minority-owned businesses and very small businesses are Δ in the industries most heavily impacted by the COVID-19 crisis such as restaurants, retail stores, and personal services. Although a recent national evaluation—the Maternal and Infant Home Visiting Program Evaluation MIHOPE study—showed little effect on known correlates of infant mortality such as birth weight, the authors found that home visiting nevertheless contributed to other positive outcomes, including fewer emergency department visits, improved home environments, and improved maternal mental health.

Labor force characteristics by race and ethnicity, 2018 : BLS Reports: U.S. Bureau of Labor Statistics

Bureau of Labor Statistics, Current Population Survey. It was the project I performed the best at. At the same time, states had to delay implementing the pregnancy checkbox until they had sufficient funds to reengineer their electronic records systems and train hospital staff on the new system.

Feminism and Race in the United States

The identification of specific racial categories over time has been primarily driven by historical circumstances and social and political factors.
