Protection, Conservation and Valorisation of Palestinian Cultural Patrimony, Massa Publisher.

A Concise History of Ancient Israel: From the Beginnings Through the Hellenistic Era By Bernd U. Schipper and Translated by Michael Lesley

Towards the beginning of the 4th c. Alexander wanted to press on and attempt to conquer all of India, but his war-weary soldiers refused, and his officers convinced him to return to Persia.

History of Palestine

Meir Latif arrived from and counted 150 Jewish families in Jerusalem.

Palestine

His anti-Christian policies may have been intended to mollify critics of his father's liberal attitude towards dhimmi or to put pressure on the Byzantines. Although Acre and the Galilee were part of Sidon Eyalet while the rest of Palestine administratively belonged to Damascus, it was the rulers of Acre, beginning with Zahir, that dominated Palestine and the southern Syrian districts.
